

### Dictation Contest (PRJr, 初級) No. 115

Hello, everyone! How are you?

Today I will read this book: *Clifford Goes to Dog School*.

I'm Emily Elizabeth. This is my dog, Clifford. Clifford is a very smart dog. He can do tricks. He can beg. He can shake hands. You really should see him play dead – he's good at that. I thought he was perfect, but my aunt didn't agree. She was a dog trainer. She said that no dog was perfect unless he had been to dog school, like her dog, Sandy.

Okay, did you understand that? I will see you guys next time! Bye!

Hey, guys! How's it going?

It looks like our heroes are losing and may need to run away...

Han Solo, Princess Leia, Chewbacca, and C-3PO race to the *Millennium Falcon*. But the ship won't start! "Would it help if I got out and pushed?" Leia asks. Luckily, the *Falcon* zooms away just as Darth Vader and his stormtroopers overrun the base.

Oof, that was lucky! I guess our heroes and the rest of the rebels could escape. So, even though they lost the battle, and their base, they can live to fight another day.

Join me next time, okay, guys? See ya!

Hey, guys! How's it going?

Hope you're all still staying healthy and safe.

This time I want to read an extract from a novel, which is based on a very famous movie franchise. But see how long it takes you to recognize what that franchise is, okay?

I'll look for a place nearby. Though if I hang around too long, I half expect Owen will want me to move someplace else father away. There may be some wisdom in that. I seem to attract trouble even in such a remote place as this. There was some mischief yesterday at Anchorhead and before that, some trouble in one of the space ports I passed through. None of it was really about me, thankfully, or why I'm here. But I won't be able to turn on my lightsaber without screaming 'Jedi Knight' to everyone around. Even on Tatooine, I expect someone knows what that is. So this will be it. From here on out, I'm minding my own business and staying out of trouble. I can't play Jedi for this world and help save the other worlds at the same time. Isolation is the answer.

I'm sure many of you realized what universe that was from, but how long did it take you to recognize it? Let me know, okay?

Alright, guys, I'll see you next time and, as always – study hard, stay safe, and I'll see you soon.
