

Dictation Contest (PRJr, 初級) No. 607

Hi, everyone! Welcome back to PR Junior.

This is part ten of the story about the undersea adventure. Let's begin.

"We're not the crew!" yelled Linda. "Things might go wrong".

"Sing a song?" said Professor Beetle. "There's no time for that. There's far too much to do."

The submarine began to dive. It went deeper and deeper.

"Glub! Glub! Glub!" it went.

Where are they going? Let's find out [in] the next video. Bye!

Dictation Contest (PR 1, 中級) No. 607

Hello, everyone! Welcome back to PR1.

Today, I'll be telling you a story about the Kitten and the Caterpillar. Let's begin.

Katie the kitten liked to play. One day, Cody the caterpillar emerged from a hole in the wall while Katie was playing in the living room.

"Hey!" Katie yelled. "Do you want to play with me?"

Cody was reluctant. He said, "I'd rather not play with you. I have several handicaps. My body is very delicate. Your claws are [as] sharp as hooks. You might cut me. Plus, have no bones, not even a spine. You could easily hurt me."

"I swear that I won't hurt you," Katie said.

"No, I don't want to," he said again. He hopped from the wall, but Katie pursued him. Cody ran into the kitchen and into the cupboard, but Katie chased closely behind. Katie knocked appliances to the floor. Plates fell into the sink and broke in the basin.

That's all for today. See you next time!

Dictation Contest (PR2 上級) No. 607

Hello, everyone! Welcome back to PR2!

Today, you are going to listen to the continuation of the story about the fire in the theater. Who ended up causing it? We are about to find out. Let's begin!

"I fell down amid the chaos while everyone fled the fire. Phil rescued me and carried me out of the building. I think you underestimate his character. Besides, in order to be close enough to save me, he couldn't have been near the place where the fire began."

The crowd then turned their eyes to the billionaire. "He did it!" they shouted. "Make him pay!"

"Wait," the billionaire said over the uproar. "I admit that I started the fire, but it was an accident. I was going backstage to see my wife and was clumsy. I collided with a lamp, and it fell to the floor. The floor was flammable. A fire started, and I fled."

The mob was surprised. The man they blamed was innocent, and the billionaire was guilty. To pay for his error, the billionaire not only repaired the theater but had it remade to be better than before.

What do you think is the moral of the story? It sounds to me like a typical "Don't judge a book by its cover" situation!

Anyways, that was all for today. See you next time!
