

Dictation Contest (PRJr, 初級) No. 638

Hello, everyone! Welcome to PR Junior.

Today, I will be reading about dolphin shows at Blue Beach Aquarium, which is around Eiken level four. Let's begin:

Watch Dee and Doo! These dolphins can swim fast and jump high. You can watch them at the main pool on the third floor every day at 2pm and 4pm. Five children can give food to the dolphins after every show. Don't forget to bring your camera!

This is it for today. See you!

Dictation Contest (PR 1, 中級) No. 638

Hello, everyone! Welcome back to PR1!

Today we are going to listen to a story about Manami and Mike.

Every day, Manami studies in her room after dinner. When she studies, she sometimes looks out her window. She can often see her friend Mike in his bedroom. Mike and Minami are both 14. Every weekend, Mike plays the guitar in his room. Manami listens to him. He is very good. Manami sometimes sings when he plays the guitar. Last weekend, Manami's mother called her. Mike was at the door. He had his guitar with him.

"You sing well," said Mike.

Manami was surprised. "Really? Did you hear me?" she asked.

Manami's mother said, "Come in for some cookies, Mike." After Manami and Mike had cookies, they went outside.

That's all for today! See you!

Dictation Contest (PR2 上級) No. 638

Hello, everyone! Welcome back to PR 2.

Today, we are going to cover some daily conversations. Let's begin.

Yerin: So Seung, what do you think about getting a puppy? A Labrador sounds like a good choice. They are cute and very loyal. My friends Labrador just gave birth to three puppies so I was thinking maybe we could bring one of them over.

Seung: However, we are always either working or away on vacation, so I don't think that it would be fair for the dog. Besides, I have enough cleaning to do as it is. If we get a dog there will be more chores to do. We might have to vacuum every day.

Yerin: I can do the cleaning if that is your concern. Couldn't your friend Jessica who lives close to us take care of it while we were away on trips?

Seung: Well, she already has her hands full with her new job. It would be nice to have a dog, but not while we are so busy. Compared to cats who are okay to spend time with alone, dogs require someone next to them. Someone to feed them, play with them and walk them.

Yerin: I guess you are right. Maybe when work settles down we can talk about it again.

Seung: Yeah let's do that once our work settles down.

That is all for today. See you again next time! Bye!
