

Dictation Contest (PRJr, 初級) No. 796

Hi, everyone! Welcome back to PR Junior.

Today, let's talk about animals for pets.

What pet should I get?

A horse? It would be fun to ride. But horses need lots of space.

A frog? Frogs don't need much space. But they don't like to play with you.

A dog? Dogs like to play with you. But they need a lot of care.

A cat? Cats are easy to care for. But they sleep all day.

What pet would you get?

Alright, that's all. Bye!

Dictation Contest (PR 1, 中級) No. 796

Hello, everyone! Welcome to PR1.

Today I am going to talk about my German friend, Karl. Let's take a listen.

My friend Karl is German, and he came to my school two months ago as an exchange student.

This is his first time to be far away from home. He says he likes living here in a foreign country,

he doesn't get homesick or feel lonely because he always talks with his family on the phone.

The other day, he spoke to his mother for two hours! I wonder what they talked about.

Tomorrow, we are going to see a school play. I hope his phone doesn't ring during the play.

That is all for today. See you next time!

Dictation Contest (PR2 上級) No. 796

Hello, everyone! Welcome back to PR2.

Today we'll be reenacting a conversation between a student and her friend. Take a listen to find out what it's about.

Friend: What are you going to do for the project?

Student: I don't know. I was hoping you could help me think of something.

F: Well, you're such a good artist, you could talk about watercolor while you're doing one in front of the class. That would be totally awesome. If I were you, that's what I'd do.

S: Maybe, but what if I make a mistake in front of everyone?

F: Come on. You're really talented. Besides, you wouldn't have to do much preparation beforehand.

S: True. And it fits in with what we've been talking about in class.

F: Yeah. Or, how about this? You could bring in a photograph, a pencil drawing, and a watercolor of the same subject. Something simple so it wouldn't take so much time to do, like a flower. Then you could show the advantages and disadvantages of working with different materials.

S: I could do that one ahead of time.

F: You could, but remember, it would take a lot more time.

S: Gee, thanks. I'll have to think about it, but these are both really good options.

Okay, that's all for now. Thank you for listening, and we'll see you in class. Bye!
